SONORA PEA CROP

TOTALS \$2,000,000

Guaymas, Mex., June 21.—The value of this year's garbanzo, or chick pea crop in the Yaqui and Mayo river valleys in Sonora, is estimated to be close to \$2,000,000, Mexican currency. The crop is being taken off and shipments to market have started. The bulk of the Sonora garbanzo is sent to the Mediterranean countries, the remainder going to New York for the demand there and in the West Indian countries. Several buyers have spent some time here. F.

DRINK MILK--DRINK PLENTY OF IT--DRINK EL PASO PURE--MILK

There is more food value in one quart of El Paso Pure Milk than there is in one pound of the choicest porterhouse steak. El Paso Pure Milk is pure milk. It comes from inspected, contented cows, and is treated by the most scientific methods. Delivered to you in sterilized airtight bottles.

WHOSE AEROPLANE? DR. BROWN TRIES TO FLY IT

When is an airplane not an airplane? Ask Dr. P. H. Brown. The doctor had one at Washington park just after dawn Tuesday morning. Hitched to the tail of an automobile the doctor and a companion tried their level best to raise it into the clouds, but the wings would not work and with a fluttering that made it look like a tailless kite, it fell to earth. Time and again the auto sped around the truck and it was thought the speed of the machine would raise the aeroplane to great heights, but it never rose off the ground more than a foot. The doctor says he does not own the new creation.

FORGOT TO LEVY ASSESSMENT.

Owing to nervousness resulting from his new official position, chairman W. B. Ware, of the Democratic county committee, omitted the name of J. E. Rainer, candidate for superintendent of public instruction for El Paso county, from the list of those who had been assessed for the good of the cause. The damage in his case was fixed at \$25.

WILL NOT STOP FIGHT IN HIS STATE

(Continued from Page Four.)

Dickerson and the fight will come off in Nevada. We expect to hear from Rickard tonight and immediately will begin to move. Johnson and his partners will go on Thursday night, I think I will leave Saturday or Sunday.

There have been hundreds of inquiries received both by the promoters and the Metropolitan Trust and Savings bank as to the disposition of the tickets which have been purchased so far by intended spectators at the battle.

These tickets have been purchased under guarantee of the local bank, with the understanding that in case the fight is not held here, the money is to be refunded. Statements were issued today as follows:

"People who have purchased tickets will receive their money back in cash if they do not care to go to Nevada. There is no question about that. We have the trust fund amounting to more than \$20,000. We will naturally hold the money until there is absolutely no chance of the fight being held here, as soon as the promoters officially give up. We will return the money. That, however, may not be until July 5."

Jack Gleason said: "There is no disposition to make people buy the tickets they took with the understanding that the fight would be held in California. Those who desire can have the same seats in the Nevada arena. The others will be requested to end in their cancellations at once that we may know where we stand."

Johnson's Squabble. The squabble between Johnson and his former manager, George Little, continued Monday. Little said that he would bring suit against the champion today for \$10,000, while Johnson declared that he would swear to a complaint tomorrow charging his former manager with grand larceny.

Johnson did not train Monday except a nine mile hike in the morning. Later he left for town in his racing machine, stopping at the hospital to inquire as to his wife's condition. He was informed she was progressing nicely and would be able to go to Reno Thursday.

The champion jumped on the scales and found that he weighed 212 pounds. Johnson announced that he would go on the road again to day and probably would box six rounds with his sparring partners.

SHI Knocking the Fight.

Columbus, O., June 21.—George L. Rockwell, chairman of the "stop fight" post card movement, which claimed a share of the responsibility for preventing the Jeffries-Johnson fight in California, last night announced that tomorrow a similar movement of protest against the holding of the contest in Nevada. Ten thousand petitions directed to the governor will be sent by prominent people throughout the country and the recipients will be asked to get from 20 to 500 signatures each. Advocates for the "stop that fight" league maintain there is no authorization in Nevada laws for a contest as proposed. They say the law passed for the benefit of the Corbett-Fitzsimmons fight in 1897 provided only for glove contests.

Can Governor Interfere. Carson City, Nev., June 21.—Hundreds of letters and many telegrams pleading that some steps be taken to prevent the holding of the Jeffries-Johnson fight in Nevada are pouring into the office of governor Dickinson. All manner of information is being brought to the governor's office here in an effort to defeat the fight. Promoters insist that is conceded to be their last stand. Governor Dickinson is in Oregon, but is expected home in a few days. Private secretary Dick states that it will be impossible to answer the communications that have been received and said that no action would be taken regarding them until word had been received from the governor.

"Suppose justice, the attorney general of Nevada and court jurists have given it as their private opinion that there is nothing in Nevada's law that would empower the governor to interfere," said Mr. Finch. "The law is plain and clean cut and makes this sort of contest legal. I cannot say what will be done."

HARBUCK MAY ALSO LEAVE EL PASO TEAM

Following closely on the reported release of Wright and Gill from the ball club, is the rumor that manager Harbuck is about to be dropped. The poor showing of the high salary team under his direction is given as the reason for his release although the directors deny that any such move is being contemplated.

TEXAN WEDS ARIZONA GIRL.

Yesterday T. J. Kellis, of Sterling City, and Miss Georgina Curry, of Phoenix, Ariz., arrived in the city and were married at the county courtroom by Judge Elyar. Floyd Kellis, of Phoenix, groomed on Monday. Kellis is a ranchman and cattleman. They will be at the Angelus for a few days.

BOTH ARE ACQUITTED.

Mrs. Laura Walker and George Miller, who conduct the Owl drug store on Broadway, were acquitted by a jury in justice McClintock's court Monday afternoon when arraigned on a charge of unlawfully selling opium and cocaine.

Rosing sells it for less.

CARD FROM F. J. HALL.

Those who oppose my election to the office of sheriff, have, I understand, circulated the report that I engaged Tom Moon to watch automobile speeders on the county road. I have only to refer them to the records of the commissioners court which show that I was employed by that body to act during the absence of Joe Taylor.

Further, it has been charged that I have granted permission to some persons to use the courthouse for meetings and have denied others that privilege. The truth of the matter is I have nothing to do with the use of the courthouse. During the time that J. H. Boone was sheriff and Joe Sweeney was county judge this authority was taken from the sheriff and vested in the county judge, who still has the authority to grant or deny the use of the courthouse for meetings. I refer all parties to him and the records of the commissioners court as to the truth of this statement.

Florence J. Hall. (advertisement.)

MEXICO MINE TITLES MUST BE REGISTERED

Juarez Lawyer Says Failure Will Work Forfeiture to Property.

Judge Felipe Seljas, the well known lawyer of Juarez, Mex., says that the new mining law of Mexico requires the owners of mines in that country to register or record their title deed or patent in the office of public registration, or records of the district in which the mine is situated on or before June 30, 1910, and also to register articles of mining partnership or of companies in the domicile there of before June 31. In default of registration, mine owners cannot affect unfavorably the rights of third parties, who may profit by such default, but the owners of mining titles and mining companies shall forfeit their rights and be subject to penalties and fines.

Such registration or recording should be done by the federal stamp agent and also by the registrar or recorder of the district.

The new law refers to the old law of June, 1892, regarding registration, which mentioned its necessity without making it compulsory. The new law makes it compulsory.

The transitory articles of the new mining law recite, in part: of six months (dating from January 1, 1910) is granted in order that mining proprietors may prove before the department of fomento that they have fulfilled the requisites, which for retaining ownership is demanded by the laws. After the lapse of said period without proof being furnished, titles shall be considered to have expired without the necessity of special declaration and the respective claims shall be free for denouncement.

Article 6.—The mining titles, records and contracts registered before January 1, 1910, in accordance with the provisions of the mining law of the 4th of June, 1892, and its registrations, shall not require new registry in order to continue in legal force.

To illustrate the new requirements, the owner of a mine in the district or county of Bravo, state of Chihuahua, should take his title from the Mexican government to the office of registrar or records in the city of Juarez at once and record it. According to Judge Seljas, he should also present it for registration in the federal stamp office in the Juarez custom house building before the end of this month. Otherwise the mine will be forfeited and lost.

IMMENSE ORE BODIES DEVELOPED IN GLOBE

Superior & Boston and Inspiration Companies Are Rich.

The Superior & Globe Copper company, of Globe, during the past two years has developed two valuable ore bodies on its property, located four miles east of Globe, consisting of about 1000 acres of mineral land fully paid for.

In Great Eastern vein at the 600 foot level unusually high grade copper ore has been developed and for several months daily shipments of 90 tons of ore running nine to ten percent copper are being made to the Dominion smelter. Results from the diamond drilling demonstrate that at the 800 foot level the vein will be even more productive.

A crosscut fault containing carbonate and sulphide of copper was struck 470 feet below the sixth level station of the McGraw shaft.

In Globe district a shaft drift has been driven on the 400 foot level for 200 feet through ore carrying eight percent copper and a winze has been sunk 115 feet in continuous ore averaging eight percent copper.

Another wonderful showing in the Globe district is in the mines of the Inspiration Copper company. The story told today by the churn drill charts and assay maps in conjunction with the underground workings fixes the length of the proved ore body at approximately 3100 feet and the maximum width at 900 feet. On the edges of the ore body, the thickness is in some places not over 70 feet, while along the contact from which the surrounding schist is supposed to have received its copper mineralization the average vertical extent of the ore is fully 270 feet.

The results obtained show the existence of a mammoth low grade ore body, estimated all the way from 32,000,000 to 40,000,000 tons.

TEXAS COMPANY STARTS NEW WELL

Also Buys More Toyah Land. Land Owners Are Optimistic.

Things are getting interesting in the Toyah oil fields, according to the reports which have been brought here from men who have been in the field. The Texas company has put up another rig and is working a new well and the company's new well. The same company has also acquired 10 sections of land in addition to that already held by it, making 71 sections now owned by the Texas company.

GOLCONDA MINE PAYS ANOTHER ONE CENT DIVIDEND.

Property Near Kingman, in Union Basin District Also Makes Statement—Ore Over \$500 in Keystone Mine.

Kingman, Ariz., June 21.—The Golconda mine in the Union Basin district has paid a one cent dividend of 1 cent per share, making the seventh in as many months. The total net smelter receipts to June 1 are a little over \$239,000, of which about \$120,000 have been produced in the last year. The price of the mine in the price of the gold and silver values of the ore. Enough water has been developed for a 75 ton concentrating mill, for which manager Boyle expects to start grading in a short time.

At the "I. X. L." mine, bonded by the Arizona Turquoise Co., of New York, work is being pushed on a wagon road, and superintendent Guy Atlas is purchasing a hoist and pump in Los Angeles.

In the new shaft of the Tennessee three shifts are making 25 feet per week. It is down 120 feet and will be

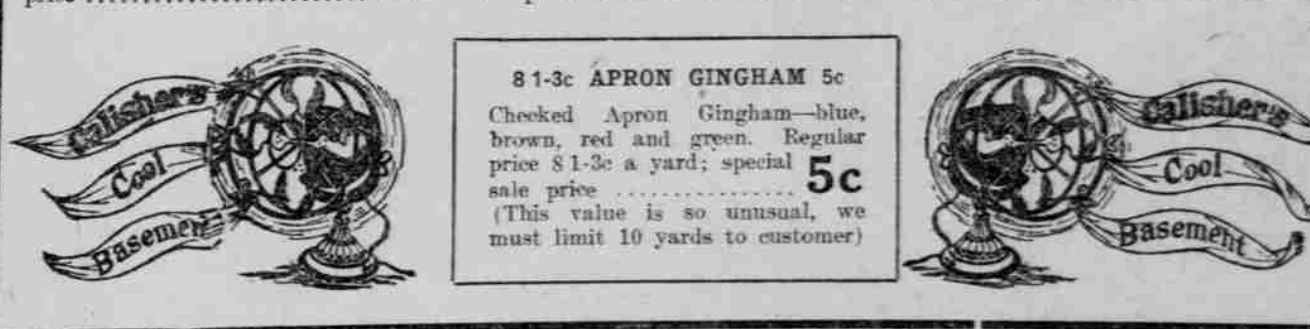

Calisher's Bargain Basement Sale of Summer Wash Goods

Wash goods right now when you want them, at much below real values, is the Big Basement attraction this week.

Our New York buyer is always on the lookout for just such bargains as this one is proving to be. The immense quantity obtained enables us to announce that this sale will continue all week. Extra salespeople have been added to the Basement force so you will be served without delay, while plenty of electric fans keep you cool.

- 17-1-2c NAINSOOK 10c

FALL CHARGES UNFAIR TREATMENT OF TERRITORIES

(Continued from Page One.)

the president, who will turn it over to congress if it meets his approval. If congress does not disapprove it, then a proclamation will be issued stating the provisions of the constitution and calling for a state election. This will be for the state officers, including the legislature which will elect the senators. It is hard to say which party will capture the senatorial plum. I have heard a large number of prominent New Mexico men mentioned as possible candidates for the senate.

SENATORIAL POSSIBILITIES.

"Among the Republicans who have been mentioned are Thomas B. Catron, of Santa Fe; W. H. Andrews, the present delegate to congress; Frank Springer, of Las Vegas; Gov. W. J. Mills, the present chief executive; ex-governor George Curry, W. A. Hawkins, of Otero county; O. A. Spies, of Las Vegas; Solomon Luna, of Valencia county; H. O. Bursum, of Socorro, and others, all of whom would make good material for senators. Among the Democrats I have heard mentioned, have been A. A. Jones, of Las Vegas; H. B. Ferguson and N. B. Fields, of Albuquerque; W. S. Hopewell, also of Albuquerque; N. B. Laughlin, of Santa Fe; likewise good men for the position. Both the Democrats and Republicans, I think, will insist upon at least one senator coming from Mr. Martinez's assistance in the past for any success they have had and if he wants the senatorship it would be impossible to defeat him. And I will add that he would make a splendid representative of the people of the new state in the senate. He has a strong personality and has the ability to represent his state with great credit."

TOOK MELON; FINED \$5.

One watermelon cost Jose Flores \$5. He did not purchase the ripe and juicy fruit for that price but it was alleged that he did unlawfully appropriate to his own use and without the permission of the owner of an Overland street grocery store, a melon of large size and juicy flavor. Considering the value of melons at this season of the year, Judge La fined him \$5 in police court Tuesday morning.

ATTENDS KOHLBERG FUNERAL.

M. Freudenthal, proprietor of the Don Berardo hotel in Las Cruces, came to El Paso Tuesday morning to attend the funeral of E. Kohlberg. Mr. Freudenthal and the deceased El Pasos were close friends for years and the death of Mr. Kohlberg was a shock to the pioneer New Mexican.

CHINAMAN A CITIZEN.

Yee Kim Chow, a Chinaman charged with being illegally in the United States, was given a hearing before commissioner George B. Oliver, Tuesday morning in federal court, and was discharged upon proof that he was a legal resident of the United States.

WEDDING PARTY RETURNS.

Mr. and Mrs. J. B. Swinney have returned from their wedding trip to the hotel. Mrs. Swinney was formerly Mrs. A. D. Clardy.

SPORTLETS.

(By Tim.)

H. C. Pietz has resigned as manager of the Louisville club in the American association, after a conference with William Grayson, Jr., owner of the club. The announcement is made by Grayson that Del T. Howard will succeed Pietz.

Monte Attell, of San Francisco, and Patsy Brannigan, of Pittsburg, fought a fierce six round bout to a draw last night in the Pennsylvania man's home town. Local fight fans gave Brannigan a shade the better of the bout.

"Never again," says Tex Rickard regarding California fights. But the joke is it is he only said it last night. One governor Gillett said it a week ago. Oh, where, oh, where, have our daily training camp dispatches gone. Is it possible that Jeffries doesn't go a fishing any more and that Johnson has tired of his sneeze wagon?

Dust horses won at Buena Vista yesterday. The dust was so thick that only horses were clearly seen. The card was ordinary.

Ray of St. Louis held Detroit to five hits yesterday. His support hitting Summers hard. Willett, who started in the box, was removed for wildness.

The biggest sporting event of the season seems to be the Jeffries-Johnson fight. But why nobody seems to know. And who cares as it is, all right, it is, eh, what?

Chicago with one run shut out Cleveland yesterday. Three infield singles and a wild pitch did it.

Form players cashed heavily at Latona yesterday. Permitts in the first race began the favorite winning.

A chap named Kohler, age 17 years, is looked to at Michigan as a coming weight thrower. He already, with little coaching, has tossed the 12 pound a matter of 50 feet.

Yesterday's St. Joe at Sioux City game was won in the last half of the ninth by the locals. It was a swatfest, it was.

Beginning Thursday, a polo tourney will be held at Fort Riley, Kansas. The introduction of the pony game into army sport will be marked by competition teams from Leavenworth, Des Moines, Oglethorpe, Fort Sam Houston, Fort Sill and Fort D. A. Russell, as well as civilian teams from St. Louis, Kansas City, Fort Worth, Midland and Junction City.

Alexander Smith of the New Rochelle, yesterday won the open golf championship for the United States at Philadelphia.

Ora Morningstar ran 234 in one inning at New York last night, defeating John A. Hendrick by a score of 300 to 140. He averaged 50.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body is no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which were remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

El Paso School For GIRLS
Upper intermediate, full high school, and advanced elective courses. Theory, practice and appreciation of music under the best instructor. Resident director of physical training and outdoor sports.
MISS STAYER MISS TAPPEL, Principals.
629 Prospect Ave. El Paso, Texas.
